Summary

Creative and detail-oriented UI/UX Designer experienced in end-to-end product design, from user research and wireframing to prototyping, testing, and visual design. Experienced in building accessible interfaces for web and mobile platforms. Passionate about delivering clean, intuitive, and human-centered digital experiences.

Education

- **Modern Education Society's Wadia College of Engineering, Pune**   *2022-2025*
  Bachelors of Engineering - Computer Engineering   CGPA: 8.30

- **Bharati Vidyapeeth's Jawaharlal Nehru Institute Of Technology, Pune**   *2022*
  Diploma- Computer Science   Percentage: 89.77%

Experience

- **Coditas**   *January '25 - June '25*
  Associate Software Engineer (Intern)   Pune

  - Developed and maintained scalable web applications using **Angular, TypeScript,** and **HTML/CSS**, ensuring responsive and accessible UI design.
  - Designed wireframes and prototypes in **Figma** to align UI components with user requirements and product goals.
  - Collaborated with designers and developers in Agile teams to create seamless user experiences, translating design concepts into pixel-perfect, intuitive interfaces.

- **Bombay Fintech**   *May '24 - July '24*
  UI/UX Developer (Intern)   Pune

  - Led end-to-end UI/UX design for WealthPhi, a mutual fund investment platform aimed at simplifying financial decisions for everyday investors.
  - Conducted in-depth competitive analysis to benchmark industry standards, uncover UX gaps, and derive actionable insights that informed strategic design decisions.
  - Developed complete user journeys, information architecture, and high-fidelity mockups in Figma for key modules like SIP onboarding, dashboard analytics, transaction flows, and portfolio insights.
  - Collaborated closely with the development team to ensure accurate design implementation within Angular framework and with product managers and the marketing team to craft clean, minimal interfaces that effectively balance visual clarity with dense financial data.
  - Ensured every screen aligned with usability best practices, accessibility standards, and the brand's voice contributing to a consistent and impactful customer experience.

Projects

- **WealthPhi – UI/UX Design for Financial Advisory Platform**   *Jan '24*
  Designed an intuitive mobile app interface and web Project at Bombay Fintech.

  - Designed responsive wireframes and high-fidelity **UI** in **Figma** for a financial advisory platform.
  - Focused on modules like dashboard analytics, SIP reports, and distributor onboarding.
  - Collaborated with developers to implement designs in **Angular** for a seamless experience.

Technical Skills
